\$2,500,000 is the minimum which the people of Newton must subscribe to the third Liberty Loan if the city is to take its quota.

This is a good deal of money, but Newton can do it if every man, woman and child does his or her share. On the first loan the city's subscription was over two millions, the seconds about six, and therefore Newton ought to go away beyond her quota on this loan.

It is very important, however, that Newtonians subscribing for bonds through Boston banks, or elsewhere other than in Newton, should indicate upon the blank at the time of subscription that the amount be credited to Newton. The Liberty Loan Committee of New England is not only willing but anxious that every city and town should receive credit for what it really subscribes, and the blanks have been arranged to facilitate this.

Locally, the Liberty Loan Committee or ganization is more complete and thorough than in either of the other of all that was learned during them, and and everyone will be given an opportunity to do his share. In addition, all the banks will receive subscriptions and give every possible assistance to those who wish to purchase, whether for cash or by partial pay
The Executive Committee of the booth which the city is to take the whort which which

Boy Scouts of Newton took subscriptions for \$143,000, and 59 of them won the bronze medal for each obtaining 10 subscriptions.

The details of the new bonds are not definitely available for publication at this time, but it is known that they will 41-4 per cent. The subscriptions will probably be payable 5 per cent. May 4 or May 9; 20 per cent. on May 28, 35 per cent. on July 18, and 40 per cent. on August 15.

Whatever the other details may be, the Loan must be taken, for the government must have the money. It is not only a patriotic duty, but the patriotic duty, for every American, and those in charge of the Loan have full confidence that no other appeal than that of patriotism is necessary to such loyal people as those in Newton.

bers of the company now at the front, was a great success.

'The use of the armory was given by Co. A, State Guard. The company is largely made up of men from Newton and Roxbury, formerly members of either the old 5th or 9th regiments of the National Guard.

The committee in charge consisted of Misses Katharine Toland, Margaret Gilligan, Margaret M. Considine, Frances Barrett, Edna Gaw, Mae Spinney and Catherine Sanders, and Mrs. Mae Loughlin.

The patronesses included Mrs. Henry D. Cormerais, Mrs. Perry Coleman, Mrs. John Hoey, Mrs. Robert Gaw, Mrs. John Bryson and Mrs. Joseph Reinhalter.

Pianoforte and Theory The Pianoforte and Theory Students' Association, pupils of Miss Helen Douglas, gave a splendid musical program on Thursday evening at the residence of Mr. and Mrs. M. H. Haase on Walnut street, Newtonville. It included compositions by the celebrated composers, Schumann. Mendelssohn, Brahms, Liszt, Verdi, Benet, Dvorak, Behr and Nevin, which were greatly enjoyed by the large audience, who noted the excellent work of the pupils; their technique was very good, the phrasing was admirable, and they played with a great deal of expression. It was difficult to select the best players, because all did so well. Winslow Auryansen, Marion Stickney, Elsa Haase, Dorothy Filene, Jennette Martin, Mr. John Capen. Miss Gladys Potter, and Miss Hazel Cunningham, deserve special mention. Alice James, a little tot of six years, who has had six piano lessons, greatly pleased the audience by her splendid performance. A pleasing feature was the singing by Miss Mettaline Maxim, who assisted in the program.

A pleasing feature was the singing by Miss Mettaline Maxim, who assisted in the program Missisted in the program opened with the chorus singing of "The Star-Spangled Banner," with piano accompaniment by Mr. John Capen. There were 23 numbers, by the following pupils: Alice and Paul James, Ruby Hickox, Winslow Auryansen, Marion Stickney, Suzanne Dearborn, Chester Hill, Sally Wright, Esther Stiles, Eleanor Martin, Eleanor Richmond, Mr. Wallace E. Richmond, Elsa Haase, Hazel Cunningham, Mr. Edwin Kidder, Mr. John Capen, Dorothy Filene, Helen Maxim, Marion Maxim, Miss Louise Black, Eleanor Tracy, Jennette Martin, and Gladys Potter.

The delightful program closed with the singing of "Keep the Home Fires Burning," by Miss Maxim, and chorus, with accompaniment by Miss Hazel Cunningham.

Y.M.C.A. BOYS' DIVISION NOTES

The season for the Friday evening Bible Classes will close on Friday of this week, April 5. Supper will be served to the members of the classes.

At 7.30 on Friday evening there will be a boys' meeting in the Y.M.C.A. hall in the interests of the Red Triangle War Work. A program of music has been arranged by Mrs. George Owen, who will be assisted by Miss Ruby Wynslow and others. Following the musical part of the program, Mr. Harlan Crowell, lately returned from service in France, will tell of his experiences as a "Red Triangle Sceretary."

A special invitation has been given to all the boys who made pledges during the campaign last fall. All boys of Newton are invited to hear Mr. Crowell, who has a very interesting story to tell.

Newton's quota in the third Liberty Loan is set at \$2,500,000. Every resident of Newton, especially those doing business in Boston, in making his subscription to the Loan should insist that this city be credited with the amount of the subscription.

With the prospect that 800,000 men will soon be called to military service, the departure of our young men for Camp Devens may become a part of the week's work.

The chimes should have played "How Dry I am" or "The Stein Song" in the celebration Tuesday night on the ratification of the prohibitory amendment.

The Legislature is to be congratu-lated on the ratification of the pro-hibitory amendment to the national constitution.

Enlarged and remodelled through-

Enlarged and remodelled through the store of Lamson & Hubbard, at the corner of Bedford and Kingsdon streets, where the company has been long established, is now conducting its spring opening, for which an entirely fresh stock of goods, including all the very latest in style and fabric, is available for customers to the choose from. Patrons of this store cannot be but most pleasantly impressed when once within its doors. The scheme of interior decoration, carried out largely with soft gray tones, is highly attractive, and, in the women's departments especially, lends, a cheerful daintiness which makes shopping there a real pleasure. Event erithment of the general color scheme, which is extended to the new general offices on the flfth floor. The offices formerly were on the fourth floor, now devoted largely to a new cold storage room for furs.

Practically all of the street floor, which fronts on both Bedford street and Kingston street, is devoted to men's goods—hats, suits, coats and neckwear. On the second floor, directly overhead, is the millinery department, now conducted on a much larger scale than formerly. On the second floor and research as and ferse show and floor street floors, and parent-freacher Association, and ressed the meeting of the Mothers' dressed th

A new department, in which are carried women's evening gowns, dinner gowns, wraps and afternoon gowns, has been established on the third floor and by itself forms an important addition to the store. This department, in which are carried women's evening gowns, dinner and by itself forms an important addition to the store. This department, splendfully equipped for the display frade garments in stock, adjoins the women's suit and coat department, in which are also carried sweaters and sport clothes. The whole of a large room fronting on the Kingston-street side of this floor is given over entirely to raccoon automobile coats, the display being one of the most complete of its kind.

A noteworthy feature of all the departments is the absence of anything approaching a crowded condition, the arrangement of each being designed to give the fullest possible freedom from obstruction.

The changes and additions to the Mingston street, is a large department of the Mothers' Association and Parent-Teacher Association, and Parent-Teacher Association and Parent-Teacher Association, and Parent-Teacher Association and Parent-Teacher Assoc obstruction.

The changes and additions to the store follow closely upon the recent reorganization of the Lamson & Hubbard Company which, within a short time, incorporated under Massachusetts charter. With the reorganization, the Balch-Price Company of Brooklyn, which has been conducted on similar high-grade lines since 1835, became part of the Lamson & Hubbard Corporation, of which Jarvis Lamson, Sr., is president. the sanction and by the request of the Music Committee, both of the church and society. Never since the time of the Civil War have the words of Lowell, "New occasions teach new duties," been so true as today. Each day brings some new duty, some new change which must be made in order to meet the stituation. All winter we have been saving meat and fats, sugar and tast, sugar and error of sugar is easing things up in that direction. The meat situation has greatly improved so that we need no longer, at least for a time, observe meatless days. suneatable.

In this country there is plenty of everything except wheat. Shall we keep on using the small amount which remains and let our allies and our army starve? We can save the situation, if we will, by giving up wheat and letting it go across. Are we going to do it? Yes, assuredly yes, unless we prefer to let the cause of democracy fail and be annexed to Germany.

Giving up wheat means giving up all yeast bread, all white flour, all graham, all whole wheat, all macaroni, and all cereais made from wheat, and substituting corn, oats, barley and potatoes, which are equally nourishing. Everyone who can afford to buy potatoes and who has facilities for baking quick breads, is asked to pledge herself to give up wheat in every form until the arst of September when the new harvest is reaped. This is the immediate duty of every patriotic, woman.

On Saturday afternoon the Newton Highlands Shakespeare Club held a social meeting at the home of the president, Miss Mary L. Sweeney. Instead of the usual guest day, it was a home affair to which the members brought their knitting or sewing. Mrs. S. L. Eaton presented a paper on "The Spiritual Side of Shakespeare," in which she brought out many interesting sidelights, including parallels between his lines and the Bible. The inspiration for this paper was largely gained at a Shakespeare dinner at the time of the last biennial, the description of which was most interesting. Mrs. Harry N. Milliken also contributed some of her experiences at the same convention.

George H. Mirick spoke before the Newton Mothers' Club meeting held with Mrs. Fred Brown Monday atter-noon on Physical Training for Boys and Girls. Mrs. Palmer told the members of the War Victory Fund and asked the co-operation of the mem-bers in helping to secure it. A social hour concluded the afternoon.

A large audience listened with interest to the lecture by Mr. S. K. Ratcliffe of London on General Conditions in Engand, before the Newtonville Woman's Guild on Tuesday afternoon. Organ music by Miss Lillian West, and the singing of "The Star-Spangled Banner" preceded the lecture, and it was followed by "America." Mrs. Odin Roberts of Boston told of the work of the motor corps there and of the appreciation which has been expressed by the surgeons of Boston for their services. Mrs. Hunt then told what is being done in the same line in Newton, and urged the same line in Newton, and urged the assistance of all who have cars.

AUBURNDALE RED CROSS
For the first time since the war began the Red Cross has a direct order from the U. S. Government to supply the surgical dressings needed by our wounded men at the front. Those who make these dressings are volunteers, enlisted in the government service, as much as if they were behind the lines in France. Men as well as women are called for. Will you not do this work, in Auburndale, in the same spirit that you would if you were "over there," making the same sacrifices of non-essentials?

Auburndale is asked to supply 7,000 of these government dressings in the

of these government dressings in the next 2 weeks, besides the standard dressings needed in the hospitals. Please remember our new work-room hours, at the Methodist Parish

Notice of the Middlesex and Boston
Street Railway Company of proposed
changes in rates of fares for passengers upon its railway.
It appearing that the Middlesex and
Boston Street Railway Company has
filed in this office tariff M.P.S.C. No. 3
(cancelling M.P.S.C. No. 2) showing
proposed changes in rates of fare for
passengers upon its railway, to become effective April 14, 1918; that said
changes make certain increases in
said rates of fare and that the rights
and interests of the public may be injuriously affected thereby.—It is
ORDERED, That the Commission
enter upon an investigation concerning the propriety of the proposed
changes in fares as shown in said
tariff, at a public hearing to be held
at its office, No. 1 Beacon street, Boston, on Tuesday, April 9, 1918, at 10.30
o'clock in the forenoon.
It is
FURTHER ORDERED, That the operation of said tariff be suspended and
the use of the rates and charges statded therein be deferred until the first
day of June, 1918, unless otherwise ordered by the Commission.
It is
FURTHER ORDERED, That the
Middlesex and Boston Street Railway
Company be required to give public
notice of said proposed changes in
fares and of said hearing by posting
notice thereof prior to April 9, 1918,
in a conspicuous manner in its waiting-rooms and cars: by publications.

to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the twenty-third day of April A.D. 1918, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic, a newspaper published in Newton, the last publication to be one day, at least, before said Court, and by mailing postpaid, or delivering a copy of this citation to all known persons interested in the estate, even days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this first day of April in the year one thousand nine hundred and eighteen.

The fire pained considerable headway before the alarm was given, and the fact that there was no one at the box from which the alarm was sounded to direct the firemen when they arrived caused further delay. The fire was probably caused by an effective iron setting fire to the woodwork. The flames swept through to the roof and resulted in about \$1000 damage. Firemen saved virtually all the furniture. The residence is assessed for \$15,000.

# A Democratic Store **Never Uses Fancy** Expressions

Plain men (that is, Real Men) are often confused by Fancy Expressions. That's what Fancy Expressions are for. Expressions not approved by Dictionaries are humanity has a language of its own and is easily understood by common people. Clothe your expressions in "Shirtsleeve" form and they will be easily understood. Some of the greatest writers, like Shakespeare, for instance, uttered many a so-called "lowbrow" sentence, that's why his writings live long after "Highbrow" expressions are forgotten. Exactly the same with a Democratic store. All its explanations (called advertising by Proudstores) are dressed in "Cowhide" expressions, then the common people, the REAL PEOPLE, who have made this the greatest Democratic country on earth, are not confused.

The Newton Branch of the Red Cross and affiliated Societies need more volunteer workers and need them now.

More volunteers are wanted at Newton, Newtonville, West Newton, Auburndale, Newton Centre, Newton Highlands, Waban, the Upper and Lower Falls, in every one of the villages that go to make up Newton.

For use in war work Newton contributors have made available for the war workers of the city nearly \$100,000 a year. In different parts of the city are airy, well-lighted rooms fitted out for carrying on war work. The Newton Red Cross has in its stores at Newtonville, supplies at the command of any of the war societies and a cutting department ready to serve any of them.

What is needed, and needed now, is hundreds of volunteer workers willing to serve and help Newton to organize the best and most efficient regiment of war workers in Metropolitan Boston.

Men as well as women are asked to volunteer. Newton has nearly a thousand men in its constabulary who are giving their time to perfecting themselves in military drill in order to be ready if called upon for actual duty. Why shouldn't Newton have a thousand more men giving one night a week to making surgical dressings? Already some men are engaged in the work and doing splendidly at it. If the men of Newton would pitch in and help Newton would pitch in and help Newton would pitch in and help Newton would net only continue to stand at the head of all the cities

All orders must be made in writing on triplicate forms which will be supplied by the coal dealer. One copy will be kept be full to be provided for the consumer, one by the dealers, and one by the local fuel committee. The coal dealer must file with the local fuel committee weekly, a statement containing the names and addresses of consumers to whom delivered to each. The application for coal must state:

Size of coal desired.

Kind of building.

Number of rooms.

Unfilled orders with other dealers, and amount.

Quantity desired for immediate delivery.

Quantity desired for immediate delivery.

Quantity on hand March 31, 1918.

Quantity desired for wear ending March 31, 1919.

dealer should apply to the local fuel committee who will endeavor to make arrangements for their requirements. Carload or barge-load lots of coal are not to be delivered to a single consumer or to a group of consumers except by permission of the State Fuel Administrator.

Compliance with all the above regulations is not optional with either dealer or consumer, but is compulsory, and any dealer or consumer who violates the regulations is subject to penalties prescribed by the Lever act of \$5.000 fine, or two years' imprisonment, or both. New England will need next winter every pound of coal that our transportation facilities can possibly convey during the spring and summer months, and every citizen in Newton is urged to give his coal supply his urgent and immediate attention.

The above plan applies to Anthra-

The above plan applies to Anthracite coal only, and the consumers in Newton should co-operate with their retail coal dealer as much as possible to make it convenient to carry out the general plan. The terms of sale of nearly all coal are now nearly on a cash basis, and it will be necessary for the public to arrange to pay their retail dealers as near cash at the time the coal is delivered as possible, in order that the dealer in turn may pay for the coal he receives from the mine. The best paying customer will get the most coal whether it be consumer or retail dealer whether it be consumer or retail dealers.

### NOVELTY SHOWER ARRESTED AS ALIEN ENEMY

Mrs. Ethel L. Medberry, wife of Neil G. Medberry, passed away on Friday, April 5th, at the Newton Hospital.

The deceased was the daughter of Mr. and Mrs. Thomas F. Lyons of Newtonville, formerly of New York. Mrs. Medberry had passed the early part of her married life in New York but returned to Newtonville last Autumn, where she resided on Harvard street, and had won the esteem of a large circle of devoted friends who sincerely mourn her loss. large circle of devoted friends who sincerely mourn her loss.

The funeral was held Sunday afternoon at the residence of her parents on Washington park. Rev. Richard T. Loring, rector of St. John's Church, conducted the service at half-past two.

There was a large attendance of mourners and many beautiful floral tributes.

LETTER FROM A CO. C BOY NOW IN FRANCE

"Somewhere in France"
Feb. 28, 1918.
Newton Committee on Public Safety:
I received your long anticipated gift today and its contents were of instant use to me. We had been told that they were on the way since December 1st, but on account of the congested condition of transportation we expected that they would be somewhat delayed. My gift from you could not have arrived at a more appropriate time. The selection of articles is very suggestive of the thought and effort which must have been given for the purpose of sending us a gift which was most useful and pleasing. I hope you will feel that you have made the boys of old C Company happy and we have not yet forgotten the help and encouragement given to us by you before our coming over here.
The old Company is scattered but I hope the day will come when we will again answer to the same roll call as we did before leaving Newton.
The Captain is not with the majority of the men of the old Company but nevertheless he keeps in close touch with every one of his former command.
At the present time, there has yet to come across. a more efficient outfit

with every one of his former command.

At the present time, there has yet to come across, a more efficient outfit than the 26th Division and they are now actually lending a helping hand and sometime the fact will be made known that "Old Massachusetts" took the leading part in this war as she did in past wars.

It is a pleasant realization to me that I live in such a beautiful City and that old C Company will some day march home and give an account of Newton's representative contribution to civilization.

Gratefully,
Headquarters Co., 101st U. S. Inf., A. E. F.

### POLICE NOTES

As the result of an automobile accident Sunday night at Commonwealth avenue and Lexington street, Auburndale, George V. Wallace, Jr., of Bellevue road, Winchester, was fined \$10 in the local court Monday. He pleaded guilty to driving his machine past a street where the view was obstructed without sounding the horn. The complaint was made by Sergt. Hughes of the local Police Department. Wallace's car struck Joseph Boudrot of 59 Walnut street, Waltham, and stunned him, although he was not badly injured.

# Worth Fighting For

HALL this little girl grow up in an American home, healthy and happy? Shall she have the advantage of living and learning in a free land, under free institutions? Shall such children develop into the Liberty-loving citizens that a free America may be proud of?

For over two hundred years Americans have fought valiantly, and died gallantly, to win for themselves and hand down to their posterity the blessings of liberty, justice, self-government and equal opportunity. This precious heritage, bought at so great a price, is now in danger.

The question which to-day confronts America as a nation, and you as an individual, is whether or not a free America is worth fighting for

Are American children in this and all future generations to receive unimpaired the legacy of freedom of which we are now the custodians, or shall their country be turned over bodily to the brutal, rapacious, power-mad enemy which has forced us into this war?

This question cannot be answered by word of mouth, but by deeds alone.

—The Community Red Cross Sewing Room and Knitting Committee have, during the month of March, made 48 sets of pajamas, 44 surgical shirts, 12 convalescent gowns, 96 property bars, 50 sailors' bags, and 50 kits. The Knitting Committee have received from their free wool, 88 sweaters, 81 pairs of socks, 10 helmets, and 20 smaller articles. Added to this, 66 articles from the naval auxiliary, we have a total of 255 knitted goods and 313. sewed articles. After the surgical dressings are applied, the men "over there" need the warm garments we are making in our workroom. We need more workers to increase our output. An urgent and cordial invitation is given to every woman in our community, not otherwise working, to come to our all-day sewing meeting, which meets every Thursday at 9.30 in the Community Red Cross workroom. Come! Our country and our boys need your help!

LETTER FROM FRANCE

Richard Westwood, who graduated from the Technical High School in 1914, was decorated with the Croix du Guerre for distinguished service in removing wounded while under the enemy's fire. The following is a letter to one of his teachers. December 17, 1917.

American Expeditionary Force, Paris. My dear Miss Doonan:—

When I came in from "poste" this afternoon I found your letter among the ten that arrived today. And just to prove that you ran no risk of boring me, I'm answering yours first and de suite. My mail brings my letters up to a total of forty-one in the last ten days. I hardly realized that I had so many friends, but the publicity that is now tormenting me in news-clippings increased Uncle Sam's sale of postage-stamps.

pings increased Uncle Sam's sale of postage-stamps.

But before I go any further, I want to say that on that disconcerting occasion last September I was one of the "scaredest" and lucklest chaps in all France. Nor am I aching for another intimate acquaintance with any of Fritz's little pleasantries.

of Fritz's little pleasantries.
You make me homesick when you write about yours truly as a study pupil in the back corner seat of Room 107. If I remember rightly the word "study" is somewhat misapplied. At the time I was very—oh very much in love with a certain young lady. Everett Leach was running a close race and I had to be always on my guard to see that he didn't sharpen any pencials when I wasn't looking. Those were the happiest days of my life although I didn't appreciate them then. I though I didn't appreciate them then. I though I didn't appreciate them then. I though I dan't speak to a Boche prisoner now—or when Miss Rogers decided that as a geometrician I was a mighty handy youth in the wood-turning shop under Mr. Barney's patient eye. And I recall one day when Mr. Palmer reminded me of my sins in pestering a perfectly harmless young woman acting as a substitute for Mr. Thurber.
And the "Dynamo"!! Ask Miss Fiske if she remembers the day I spoke "Casey at the Bat" as an oral theme, much to her disgust. I could think of many more of these little incidents, but that is not what you want to hear about, and this letter would degenerate into a mere retailing of my sinful past. Yet the past is what I like least how; I and the study want to hear about, and this letter would sait? Tell Miss Roux my French is not French and she would never recognize it.

But what you want to hear about is the continue of the second of th You make me homesick when you

ognize it.

But what you want to hear about is war, and what I like least to write about is, also, war. After one has seen men die on the floor of a close, crowded little hut with shells plunking in around every couple of minutes; after one has seen the torn, suffering bits of humanity holding on to the edge of life with a slipping grip; after one has seen the horror, the ghastly beauty, and the devastation all of us have seen, one finds it hard, and sometimes distasteful, to put it all on paper. Men have written books about it and magazine articles, and others have told of it from platforms. At home they have read and they have listened but no matter how facile the pen or how able the speaker it all must be seen to realize—to hate. I have seen my fill now, and in the two years or so more I'll see much more. I thank God that America has not had to suffer as has France, though she would have borne it glorifously. To be sure, we are going to pay in lives—precious lives—but can we ever sacrifice as has France?

For my part, I like to remember the days I first spent in the service. Then we were on the Alsatian front. The country was beautiful and little ruined. The summer weather was glorious and our first two months were more of sightseeing than of war. ognize it. But what you want to hear about is

when there are "blesses" in back to worry about.

We are fortunate in having very good quarters in rooms of deserted houses. After you plug up the windows and hunt down a wood stove, you can keep fairly comfortable. The section is made up of "veterans" from the old volunteer service and things run very smoothly and happily as of old.

I feel that this can almost be called a letter, and in closing let me say that, while we are not happy in war, the happy that it is our privi-

Illness prevented Dr. George H Blakeslee from addressing the Social Science on Tuesday, but the Program committee and the hostesses of the day, Miss Ethel Gilman and Mrs. George L Parker considered themselves most for tunate in being able to secure Dr. Sam neil M. Crothers to fill the vacancy. Before beginning his readings Dr. Crothers stated that in considering what to read, it at first seemed that anything which had been written before the war would hardly be appropriate, until it came to him that preparations for being efficient in times of priate, until it came to him that preparations for being efficient in times of peace also prepare one to be efficient in times of war. He chose from the volume "By the Christmas Fire," reading from the essays entitled, The Bayponet-Poker and On Being a Doctrin-aire. The large audience of members and guests enjoyed to the full the gen ial humor and solid good sense of the selections and found themselves much refreshed by the relaxation from the serious things which are engaging the attention of everyone today.

### Conference at Auburndale

On Tuesday afternoon by invitation of the Auburndale Woman's Club the Art, Literature and Music departments of the State Federation held a joint conference in the Methodist church for the clubs of the Sixth District. Mrs. Arthur W. Lane, president of the host-ess club, called the women to order, the meeting opening with singing of The Star Spangled Banner. After a few items of business Mrs. Irving O. Palmer, director for the district, took charge of the program. Dr. Alice H. Robie, chairman of Public Health, very briefly spoke of the menage of veneral

SARAH HULL CHAPTER, D. R.

The members and guests of Sarah Hull Chapter, D. R., met at the home of Mrs. Warren F. Gregory, 377 Walnut street, Newtonville, on Wednesday afternoon, April 10th. It was voted to continue holding the Chapter meetings in private homes for the current year.

Mrs. F. E. Stanley, Chairman of the Woman's Liberty Loan Committee of Newton, spoke and urged all present to buy Bonds of this third issue. It was voted that the Chapter purchase a \$50 Bond.

In order that the Chapter members may continue their work for the State Society, Daughters of the Revolution, namely, the knitting for the bogs on Commonwealth Pier, it was voted to purchase \$50 worth of wool. A special request having come from the Pier to the State Society for comfort bags, the Chapter has been invited to the home of Miss Whiting, Friday afternoon, April 12, to make bags, and a sum of money not exceeding \$25 was voted towards filling them.

After the business session, the program of the afternoon was opened with the singing of "Freedom's Land America" led by Mrs. Fairchilds.

The speaker of the afternoon was mrs. Lotta B. Miller of the E. A. Filene Sons Co., whose subject was "Our Clothes." She stated many interesting facts in regard to wool, shoddy, cotton and silk, and urged fupon the ladies present the conservation of clothing, both in the method of purchasing and the care afterwards. After singing America the meeting adjourned. The hostesses for the afternoon were Mrs. Franklin E. Smith. Mrs. Willard D. Tripp, Mrs. Samson D. Whittemore, Mrs. Edgar W. Warren, and Miss Anna M. Whiting.

The Newton W. C. T. U. held its isual meeting with Mrs. J. A. Remngton, 15 Otis park, Newtonville, on hursday, April 4, with the president, Irs. Mick in the chair.

Exercises opened with singing America, five young misses leading. Mrs. Case from South Acton, the guest and speaker, conducted devotions.

After another hymn, the reports of secretary and treasurer were read.

The president reported a gain of four members. Also stated that a comfort bag had been presented to a son of one of our members the past week, who was to leave for France for reconstruction work. The superintendent of Soldiers' and Sailors' work reported the serious injury received by a sailor frien out the collided with an English steamer.

Two letters had been received from this friend as a result of receiving one of our comfort bags last fall, while at Commonwealth Pier.

The recent hearings at State House resulting in victory for "The Old Bay State," were given prominent notice by the president, who attended the sessions. Rejoicings were in order and a hopeful view taken for National Prohibition in the near future. Attention was also called to the "State Drive" now on for \$50,000.

Miss C. M. Caswell of Boston is the director general.

### Subject of Recent Sermon by Rev. Harry Lutz of Channing Church

"Brethren, what shall we do?"—
Acts 2:37.

We are today in psychological situation much like that of Jesus' followers after his death. From dispersion in utter disappointment and disheartemment they returned with the belief that he was risen from the dead and exalted with God; whose spirit was poured forth in power upon them. The great crisis had shaken their former ways of thinking and habits of action, and wrought a decided change in their lives. Things they had valued were gone. The time of new things was come. A pentacostal exaltation was theirs, at the promise of freedom from in the rising power of life. They had no clear idea of what it all meant, nor of what was before them. But they had faith in the better things of promise "end they said have place and the said that and make the promise of the said of the said that the promise of the said of the said of the said that and the said of the said

sary to obtain a permit from the Chief of the Fire Department to set or maintain out-of-door fires.

The regulations and conditions which surround the granting of these permits will impress upon any person applying for the permit the necessity for extreme care. This year, fortunately, there has not been reported a death caused by coming in contact with fires of this kind. Prior to this year, however, many persons have been burned to death within the metropolitan district because of the carelessness of persons in charge of such fires.

This is one of the most serious aspects of the dangers connected with out-of-door fires. All persons who have a permit to set or maintain fires should take great precaution to keep children away from them. Also great care should be taken to prevent the spread of fires so that they shall not endanger property.

The penalty for setting fires without authority is a fine of not more than \$100.00, imprisonment for not more than one month or both.

FRANK LEWIS,
Fire Prevention Commissioner for the Metropolitan District.

# A Democratic Store Never Has Odd Prices

Odd prices, that is, twenty-nine, thirty-nine, forty-nine, etc., confuse the buyer. That's what odd prices are for. Did you ever article should be high at fifty cents, and a wonderful bargain at forty nine? Odd prices are conceived in the hired brains of the feller who writes the advertising and knows nothing whatever about the value of the article he attempts to describe. A Democratic store always marks its merchandise in plain, even prices. If an article is extremely high at 50c, it is marked 25 instead of forty-nine. If it is a roast at 10c it is marked 5 instead of nine, then the plain people, the REAL PEOPLE, are not misled and know exactly what they are

# CONCERT

### Highland Glee Club Make an Excellent Finale for the Season

of work accomplished by Mr. Fairbanks in working out all the details of the program.

Mr. Ellis sang the obligato solo with rich vibrant tones and the spontaneous applause brought a repitition of the last half of the number.

The obligato solo sung by Mr. Hawes in "The Image of the Rose" was beautifully done. Mr. Hawes is a Lyric Tenor, and his sweet quality of voice ending with a beautiful sustained high note sung planissimo brought a hearty encore.

For the encore to the stirring Kilties' March the club sang very effectively the popular "Long Long Trail." A very appropriate number to finish the program was the "Jubliate, Amen" with the Obligato Solo by Miss Lott.

Mrs. Charles Ellis and Mr. W. A Franklin Butler furnished satisfactory accompaniments.

The writer has attended concerts given by Male Choruses in and around Boston for the last dozen (12) years (Continued on Page 8.)

### A Practical Way to Aid the Men at the Front

Last Monday evening The Highland Glee Club, Mr. Almon J. Fairbanks, Conductor, gave at Bray Hail, Newton Centre, their 23rd Concert (10th as assam), and it proved to be the best and most successful one given since the organization of the Club.

Every number on the program received the most enthusiastic applause from the large auditorium.

Miss Fanny Lott of Boston, was the Soprano Soloist for the occasion and rendered her numbers in a highly artistic manner, receiving encores after each selection.

After the singing of the first number by the club "Song of Liberty" by Mrs. Beach, it was evident that Mr. Fairbanks had brought the singing of the club by to a high state of perfection.

In the singing of "Suomi's Song which opened with a Quartet of beautifully blended voices followed by responses by the Club first fortission, then pianissimo on the next, giving the effect of a full organ tone and the fortissimo on one chord to a double plainissimo on the next, giving the effect of a full organ tone and the followed by the Echo Organ. The singing of this number was again was "Italian Salad" that ended the fortissimo on one chord to a double plainissimo on the next, giving the effect of a full organ tone and the followed by the Echo Organ. The singing of this number was again of the program tone was "Italian Salad" that ended the fortissimo on the next, giving the effect of a full organ tone and the followed by the Echo Organ. The singing of this number was again of the program tone and the followed by the program to the followed by the Echo Organ. The singing of the singing of the first number showed the immense amount of work accomplished by Mr. Finanker's solo "The Land o' the Leal" was effectively sung.

MADDEN ELECTED

The luncheons served each day at the Y. M. C. A. building to the busy war workers there have proved to be an attractive and convenient feature of the working days.

The new surgical dressings department of the Newton Auxiliary of Red Cross is now open Wednesdays and Fridays all day and evening in the large room across the hall from the Sewing departments of the Red Cross and Special Aid. The French Relief, also Girl Scouts as well as junior auxiliaries doing war work in connection with various churches in Newton find the Y. M. C. A. building well suited to their needs. There is however plenty of room for more workers, and more workers are very much needed.

Surgical dressings are in great and constant demand.

A large, light, airy room the best in the building is generously given by the Y. M. C. A. for this use. All that is needed now to make the work room. Space and material are of little value without busy hands to do the surgical dressings.

"Knitting neuritis," from too constant use of the knitting need is becoming a common complaint. A most excellent relief and change may be found in sewing instead of knitting. None of the sewers at the Y. M. C. A. complain of the hospital sewing as nerve racking. It seems a restful occupation and with the really pretty baby layettes and warm woolen garnents for the peasant children of France and Belgium, there is much pleasing work, as well as work very much needed to be done. No one will ever regret a service done for humanity. A half day a week given to the work poportunity and the Red Cross flag waving from its work rooms is a symbolicall to duty.

Newton looks to every woman to heed the cry for service.

LIEUT. MILSOM AT NEWTON CENTRE

More than six hundred people crowded into Trinity Church, Newton Centre, last Sunday night, to hear a brilliant and moving address on the war and the duties of Americans in the war by Lieut. Harry G. Milsom of the Canadian army.

Of strong personality and a brilliant public speaker, Lieutenant Milsom thrilled his audience with his stories of the valor and bravery of the troops in the war, and brought home to every one of them in remarkable fashion the needs of the war and the duties of every good and patriotic citizen.

A special musical program had been provided, including the singing of "God Save the King," "The Marseillaise," and "The Star-Spangled Banner," with a display of the flags of all nations.

ANNUAL PARISH MEETING

The annual parish meeting of the First Universalist Church at Newtonville was held Thursday evening, April 11, at 7.45 in the parish house. Reports of the year's work were read by the earnest and able leaders in the societies connected with the church, and the Board of Trustees, the members of which have given much time and thought, and served the church well. The officers elected for the year 1918-19 are: Mr. Allen D. Cady, moderator; Mr. Lewis P. Everett, treasurer; Mr. William H. Zoller, collector; and Mr. C. Raymond Cabot, clerk. The following were appointed on the Board of Trystees: Messrs. Allen D. Cady, Franklin L. Banchor, William E. Tomlinson, Charles D. Cabot, T. O. Bjornson, William E. Jerauld, F. W. Wise, Frank M. Grant, G. A. Allen, Lewis P. Everett.

The secretary reported a very successful year, and a number of new members have been added to the parish.

The annual meeting of the Ladies' Aid Society of the First Universalist Church was held Thursday afternoon in the parish house. There was a good attendance and the following officers were elected for the coming year: Mrs. Allen D. Cady, president; Mrs. Frederick E. Proctor, vice-president; Mrs. James B. Newell, Secretary, and Mrs. William F. Kimball, treasurer.

UNDER THE GILDED DOME

The Legislature has selected the Mayflower is now its passage. This was the result of a state-wide vote of the school children, the Mayflower winning by a vote of 10, 81, 81, 81. The vote of the state was 241,864. The vote in Newton, where all voters and of 4692 ballots was cast, was as follows; Mayflower 2453; water-lily 942; yieldet 187; buttercup 180; blue flag or if is 125; gentian 120; rose flowers.

The lollowing comment from the Springfield Republican will be of interest:

successful street railway today pur-chased its power. Mr. Cox would like to eliminate many of the preslike to eliminate many of the present stops, and could make a substantial saving, but he said "God help the conductor who carries anyone by the post in front of City Hall." The only free passengers carried, he said, were employees of the company, and police and firemen in uniform. For letter carriers the company received compensation from the government.

Mr. W. J. Naphen of Natick characterized the present combination as a "pool of destinies," and criticized the scheme of the company in favoring Newton and Waltham as to rates of fare.

SPECIAL AID—RED CROSS

# CONCERT BY GEORGE COPELAND

SPECIAL AID-RED CROSS

There seems to be a misunderstanding about the necessity for knitting for our soldiers and sailors. ALL knitted articles are needed, despite the reports to the contrary. We must get ready this summer for the fall and winter. The sailors need all kinds of warm clothing. Socks are needed, but so is everything needed. Everyone that can do so, must knit.

The date of the concert to be given in Bray Hall, Newton Centre, by George Copeland in aid of the Newton South Allies Relief Association is Monday evening, April 29, under the direction of a committee consisting of Mrs. Frances A. M. Bird, Mrs. Henry J. Ide.

LODGES

DIE HUNDRED AND ONE GERMAN LIES NAILED BY ST. LOUIS
REPUBLIC
REPUBLIC

German Propagands

German propagands have been busy since the entry of the United States into the war. Falsehoods of every character have been spread over every section of the country with the idea of abusing the confidence of the American people. So persistent has been the circulation of these carefully moulded pro-German lies that an official exposure of them has been issued as a pamphlet, entitled "The Kaiserite in America," by the Committee on Public Information, 8 Jackson place, Washington, D. C. A copy of this pamphlet may be had free if inquiry will be directed to the committee.

German Counterfeiting
Tales have been current about interned German prisoners being fed five meals a day, about Red Cross supplies being sold to shopkeepers by dishonest officials, by criminal waste of food at training camps and many other like falsehoods either designed to discourage volunteer Red Cross work and the loyal efforts of house-keepers to save food or calculated to create a troublesome distrust of the government. German Counterfeiting

create a troublesome distrust of the government.

The circulation of these stories is often due to the folly of a citizen who wishes to appear to have "inside" information" and who either innocently or intentionally starts a lie that rapidly grows worse as it spreads. A collection of such lies and their refutation has been made by the St. Louis Republic. A hundred of them are included in "The Kaiserite in America."

The annual meeting of the Central Club will be held this evening, in the parlors of Central Congregational Church. The business meeting will begin at 7.45, and reports of the officers and the various committees will be read. Officers for the ensuing year will be elected.

will give an address at 8 o'clock. The members of the Claffin Club will be present as invited guests. Invite your present as invited guests. Invite your neighbor and be on hand to give the Lieutenant-Governor a cordial greet-ing. A special musical program has been arranged by the Glee Club, and Hooverized refreshments will be

served.

COPLEY THEATRE—Richard Brinsley Sheridan's brilliant comedy, "The School for Scandal," will be given for the first time by the Henry Jewett Players at the Copley Theatre next week. It is the second of Sheridan's plays to be acted there this season, and "The Rivals" was received with so much favor that the success of this revival of "The School for Scandal" are well be prophesied. The production of "The School for Scandal" at the Copley will be under the personal direction of Mr. Jewett, and the cast will include the entire membership of the Henry Jewett Players. There will be afternoon performances on Tuesday, Thursday and Saturday at 2.10 and the evening performances will begin at 8 o'clock.

Neither Fried Chicken Nor Biscuite Found by Hungry Hunters on Farmer's Table.

There are all kinds and varieties of patriotism—almost as many as there are pickles of a certain variety. There is the patriotism of speech, the patriotism of arms, or money, of service and so on. But of them all the hardest for the average individual is the patriotism of the stomach. So thought a bunch of Indianapolis men who in vaded Brown county for a day of hunt-ing, says the Indianapolis News.

After a day of hiking and tramping

After a day of hiking and tramping over the hills, in which a nice string of rabbits was the prize, these "tired business men" adjourned to the farmer's house where they had planned on a big "feed." You can imagine their surprise and disgruntled feelings when on seating themselves at the table they found neither meat nor bread. The expected fried chicken and hot biscuits were missing. Of course, no one said were missing. Of course, no one said anything, but a good many thoughts made the air quiet. That evening as they were leaving

BANANA FLOUR AND BREAD

Green Fruit, Full Grown, Is Peeled, Sliced and Dried, Then Ground in Ordinary Corn Mill.

At a meeting of the Horticultural club of Trinidad, samples of banana flour and bread were exhibited and the method of preparation described. It was explained that the bananas from which the flour and bread were made had been taken from trees only five days previously, the 'slik fig' small variety of bananas producing the best results, reports Henry D. Baker, American consul at Trialdad:

The process was described as fol-lows: "Full-grown green bananas should be selected. Peel, slice and dry should be selected. Peel, slice and dry quickly, preferably on a galvanized sheet, then grind in ordinary corn mill. From 63 pounds of green hanans 16½ pounds of flour had been obtained in the specimens shown. The bread, which was very palatable, had been made from two parts of banana flour and one part of wheat flour. The hanana flour could also be used exact. banana flour could also be used as a substitute for oatmeal porridge and also for making puddings.

There are now more than 13,900 offi cers engaged in the work of the med-ical department of the army, including regular army officers and the four ofcers' reserve corps-medical, dental veterinary and sanitary-connected with the work under Surgeon General Gorgas, says the Medical Journal. It is estimated that at least 24,000 phy-sicians will be included in the personnel of the department when full strength is reached. Every step in car-ing for the physical welfare of the sol-dlers from the time they are sworn into service until they are discharged comes under the medical department. In this work is included inspection of foods to be served soldiers, sanitation, care of the sick and wounded, the operation of field base and convalescen hospitals, "re-education" of the perma-nently crippled, handling the supplies for all this work, etc. The total num-ber of hospital beds will be on a basis of 25 per cent of the strength of the

"Somehow I was always different from other people," is a common saying among men, even among those who lay no claim to any special virtue, ob-serves Los Angeles Times. Indeed, the statement is often made by those who pretend to be ashamed of their of them. To reel like that and to adtism common to humanity. Whoever you are, you are only different from others in personality. You belong to the race and probably are neither better nor worse than any one of the vast is different from all the rest.

To Save Tin Now Wasted.

A small electric furnace has been installed and operation begun on the volatilization of tin from scrap at the Northwest experiment station of the United States bureau of mines at Seattle, Wash., says the Engineering and Mining Journal. An extensive series of experiments will be carried out there with the idea of saving the tin now wasted in discarded containers and other forms of scraps.

New York City.

My Dear Friends:

I received a box containing smokes and tobacco from you this date, 2-22-18, and it was sure welcome to me and the boys who are in the squadron with me. Inside on a card was the address of Mr. James Bartlet, 486 Elmwood Ave., Providence, R. I. I have written to Mr. Bartlet and thanked him for this present and I am going to take the liberty and the greatest pleasure to thank you the same way. And I hope you meet with the greatest success that can be met with in this campaign, for it is sure one great thing. If the people in the United States only knew how scarce tobacco is, in this country (France) they would not hesitate in helping you out. But on the other hand no one can realize how it is until they have seen it for themselves, and for myself I think the "Our Boys in France Tobacco Fund" is one of the greatest and finest undertakings that has started since the war. I hope they will have the best of luck in this undertaking, and you can take it from me, you have all the boys in the trenches behind you as well as behind the good U. S. A. You can tell the people back in God's country not to gorget the "Our Boys in France Tobacco Fund," for they are doing wonders for us fellows over here, and if it were not for them I don't know what the boys would do, they all appreciate it very much.

I remain,

One of the Sammies in France, 1st Lt. Edw. J. Donovan, 26th Aero Squadron, American Expeditionary Forces.

MORE RED CROSS WORKERS NEEDED AT ONCE

(Continued from Page 1.)

We should not leave this to the hit-ormiss method of uncertain volunteers, but some committee should be definitely responsible for a definite output within a definite time. The great drives for Loan and Red Cross funds have succeeded in just this way. Each I woman must be asked to be definite in giving a certain number of hours of lwork. A shortage on any day must be laid at the door of the lieutenant in Scharge. Thus the force can be kept at full quota.

It is easy to put a Red Cross flag in the window. (By the way, we saw one in a private house in Boston with 18 I stars on it yesterday.) But this is not aenough for such days of crisis in the sworld. To greatly increase our output of war work is absolutely the least service we can render in our security, removed at this distance from the agonies of war.

One of the leading officials in the should not leave this to the hit-or-

removed at this distance from the agonies of war.

One of the leading officials in the local Red Cross states that many women come to the headquarters with high purpose to do their share, but on succeeding days are turned aside by other interests. A large number have worked only once, without returning to the task, and apparently without thinking that their absence means that something is left undone. The officers have tried hard to make every woman feel a most cordial welcome in the rooms, but now the news must be spread that the best that has been done up to this time will by no means achieve the larger results now demanded.

The wegent drive in Bleerly means.

e rooms, but no pread that the best to no one up to this time will by no manded.

The present drive in Picardy means that the spring and summer before us must see quadrupled efforts made by the women of Newton. Remember that this same increase will be made by many, many towns over the whole country, and Newton does not wish any other group of women to take over a task left undone by it.

LODGES

NEWTON HIGH SCHOOL

Miss Jeanette V. Dunne, daughter of Mrs. Mary Dunne of Newton, was united in marriage to Mr. John F. Vahey of Watertown, on Sunday evening, April 14, at the Church of Our Lady, Newton.

The ceremony was pereformed at 7 o'clock, by Rev. A. S. Malone. The bride was attractively gowned in taupe crepe-de-chine over pink messaline; she was attended by her sister, Miss Lucy A. Dunne of Newton, as maid of honor, who wore a becoming gown of champagne messaline. Eleanor M. Dunne, nicce of the bride, was flower girl.

Eleanor M. Dunne, niece of the bride, was flower girl.

The bridegroom was assisted by his brother, Mr. James H. Vahey of Watertown, as best man. After the ceremony a large reception was held at the bride's home on Boyd street. Mr. and Mrs. Vahey received from 8 until 11, and were assisted by Mrs. Mary Dunne, 'the'bride's mother.

The rooms' were artistically decorated in green and white, and during the reception violin and plano music was furnished by the Misses Moore. Mr. and Mrs. Vahey left on a wedding trip to New York and Washington, D. C., and on their return will reside in Watertown, where they will be at home after June 1, at 136 Summer street. street.

club.

The cold, Marchy atmosphere did not deter a large number from being present, including three former presidents. Mrs. Gary and Mrs. Jordan received the guests as they arrived, who were then escorted through the house to view some of the beautiful and unique tapestry painting done by the hostess. In nearly every room in the house there is one or more of her paintings, copies of old masters, mostly Biblical scenep. After inspecting the pictures the guests assembled in the billiard room, where Mrs. Robert Gorton, president of the club, called the meeting to order. Songs by Mrs. Frank Lowell charmed those present, groups being interspersed between sections of a paper by Mrs. Gary. In which she told of her own work and of the life and work of the artists whom she has copied. Mrs. Gary has designed and painted borders for several of her large pictures, using fruit and leaves so finely harmonized with the subject of the picture as to add greatly to its beauty.

A social hour in the dining-room gave further opportunity to examine and appreciate the pictures.

Miss Heloise E. Hersey of Boston gave the Social Science Club a fine and inspiring lecture upon "John Masefield," at the meeting on Wednessmorning. Mr. Masefield, although he has been writing for fifteen years, was hardly more than a name before the war. After years of adventure following the sea, tramplag continents until he knows seven seas and most of the continents, he returned to London where he fell in with a brother of Yeats, the poet, who was writing sketches for the London Daily Chronicle. By him he was persuaded to write out his adventures for the heaving season. The winning of the prize in 1912 from the Royal Society of Literature for best products of literature for the year brought him republic notice. He has written his tory, poetry, tragedy, and prose, much of the latter upon the war. In the realm of poetry he is distinctly, the poet of common life, of those who hard. He has made the narrative poem once more popular. His "Good Friday." Miss Hersey considers the greatest drama the world has ever large. Mr. Masefield is the most read of Miss Heloise E. NEWTON MAN DEAD IN FRANCE

Michael J. Devine, who is named in the casualty list this week as having died of disease in France, was 30 years old and was born in Roxbury, although he had been living with his sister, Miss Josephine Devine, at 15 Jerome avenue, West Newton, for a few years. He worked in Waltham. He was a member of Co. F of the old 5th Regiment, the Waltham company, which was taken into the 101st Regiment. He attempted to enlist at the time of the trouble with Mexico, but was rejected on account of physical disability. Then, at his own expense, he underwent an operation, after which he entered the service and went to Europe with his regiment.

ment.
His sister received word that he died in France of pneumonia April 7.
She received a letter from him a few days ago in which he said that he was in the front-line trenches and had been over the top in a raid.

FOODS TASTE BETTER COOKED TOBACCO TASTES BETTER TOASTED

Since the day of the caveman, who liked his meat raw, civilization has learned a lot about the scientific treatment of the things we cat.

Naturally none of us would now prefer to have our meat raw, our poatoes as they come from the ground,

And naturally follows the great discovery recently made by The American Tobacco Co.—that tobaccotastes better TOASTED!

This wonderful new idea-simple like all great inventions—was first used in producing the famous LUCKY STRIKE Cigarette-made of toasted Burley tobacco.

Burley has a mellow flavor, entirely different from the tobacco usually used for cigarettes. It is a pipe tobacco and LUCKY STRIKE Cigarettes taste like a pipe.

### **EDITORIAL**

It is a striking commentary on governmental methods, when a man of Senator Weeks' unusual business ability and good judgment is made chairman of the Senate Committee on Disposition of Useless Departmental Papers. It is too bad that this committee couldn't change its name to the Committee on Disposition of Useless Departmental Officials and had the power to enforce its decisions.

We have been promised an interesting article by one of our local merchants, defending the practice of deliveries to the homes of customers, as efficient and economical service. It should appeal to the housekeepers of Newton.

Without a woman in it."

Things oft repeated sometimes become perfunctory. It is hoped that the habit of singing patriotic songs at the beginning or at the close of meetings may not become so. The object of singing is, of course, to stirone's patriotism, and any irreverent or flippant attitude defeats the very object. If anyone has sat at the back of an audience when "The Star-Spangied Banner" has been sung at the close of a program and been distracted by the putting on of hats and the lack of proper respect such an one has been led to contrast the audience with the people on a Hull boat one morning last fall. It was just an ordinary boatload of commuters going to business. As it passed a warship in the harbor the band was playing the national anthem, and everyone on deck was standing at attention. In an instant everyone on the Hull boat caught the signal and they, too, were at attention. It was only a little thing in itself, but it bespoke a spirit of patriotism worthy of emulation. We have learned to stand when the national airs are being played. Let us also remember to stand reverently. Ice Creams P Pastry Fancy Ices A Salads tional airs are being played. "They talk about a woman's sphere
As though it had a limit.
There's not a place in earth or heaven,
There's not a lessing or a woe,

upholding it. After Miss Gore's speech patriotic enthusiasm reigned supreme. A basket was passed, and enough money collected to buy a \$50 bond. The club previously voted to buy two \$50 bonds in the third issue. The club also voted to send \$25 to the Welfare Bureau, and \$5 to the Boy Scouts.

Mrs. R. H. Fisher read an original poem on the work done, through the year, by the executive board.

A "Surprise Box Luncheon" preceded the meeting, and was in charge of the Conservation Committee, Mrs. H. A. Wentworth, chairman, and many thanks are due them for a very pleasant time.

pleasant time.

The "surprise" proved to be an enpleasant time.

The "surprise" proved to be an entertainment given by children of club members. A French solo dance, "On to Victory," was given by Miss Muriel Conn. Miss Dorothy Paine also gave a patriotic dance, "On with the Colors." Six little children, dressed in costume, gave a Belgian dance. The thanks of the Club are due Miss Ruth Allen, who came to the rescue of the committee who were disappointed in another group of children supposed to render these dances, and coached them in a few hours. Miss Edith Frost rendered a fine 'cello solo. Readings by a pupil of the Boston School of Expression were much enjoyed.

At the luncheon the tables were decorated with red, white and blue, and everyone was presented with a flag.

CHRISTIAN SCIENCE LECTURE

because the latest remedy and the latest method, the ones that have replaced last year's remedy and last year's method have not as yet been proven useless; but the history of the past hundreds of years will repeat itself, and next year's material means will replace what will then be this year's failures.

will replace what will then be this year's failures.

Some years ago a new and supposedly wonderful remedy was advocated for the treatment of pneumonia, and the medical journals were full of the records of the almost instantaneous cures which had come about through its use. As a practicing physician I prescribed this remedy at the first opportunity that presented itself, but with no result. I have since come to see that the remedy worked just solong as it had some enthusiastic optimists believing in its efficacy, but failed to work as soon as it became generally used by a generally pessimistic profession; a profession grown pessimistic through its continual history of drug failure. This drug, in spite of the marvelous cures accredited to it for several years, has long since gone the way of dismal failure. sted to it for several years, has long since gone the way of dismal failure of those that preceded it.

of those that preceded it.

Another famous remedy that came into almost immediate prominence within the last year or two, and which has been lauded as an absolute specific for certain disorders, is now being condemned by some of its former supporters as doing no good and much damage. It has been remarkable both for the claims made for its efficiency and the charges made for its administration. It was a brilliant success so long as people believed in its efficacy, but it is now fast becoming a dull failure. dull failure.

Surgical and other material forms of treatment are in this same process of change. It has only been a very few years since searing of parts of the body with a red-hot iron was advocated as good treatment, though we would condemn this now as barbarous, and the day will surely come, and is not far distant, when the wholesale removal of the tonsils and the

injections of the many kinds of animal serums will be considered quite as barbarous; for just so long as we cling to materiality, to-day's apparent success will be to-morrow's failure.

Vaccination has remained in a position of sunpassed efficacy for a longer

success will be to-morrow's failure.

Vaccination has remained in a position of supposed efficacy for a longer period than anything of which I know. We can most of us remember when to be able to show a good scar meant a lifetime of protection. But the years of its supposed usefulness are constantly shortening, until now it is maintained that it only protects for a few years, with an ever increasing coterie within the ranks of the medical profession maintaining that it does not protect at all.

Again and again in toxic conditions and in immunity from contagion, the Christian Scientist is proving that spiritual understanding gives the protection of which Jesus spoke when he said to those who believe, "If they drink any deadly thing, it shall not hurt them."

Medical and surgical methods are changing with such rapidity that among the profession the idea of yearly examinations has at times been agitated, the thought being that if it could be shown that a physician was not conversant with the very latest method he should not be allowed to practice,—though this is admitting that what was good practice a few years ago is not good practice to-day. I am not criticizing the doctor,—he does the best he can with the poor weapons which have been given him.—I am sympathizing with him, because just when he thinks he has it, he finds he has not.

In all sympathing with him, or cause just when he thinks he has it, he finds he has not.

Disease is Mental

In practicing medicine I soon found that there was a certain mental element in every case, and as it was obvious that this element could not be reached by any material means, I began to try to estimate just how large a factor it was in every case that came to me. At first I thought some cases were quite largely physical, and others quite largely mental, but as time went on and through practice my observation of the mental side of the question became more keen, I saw that many types of sickness were wholly mental, and finally came to see that they were all entirely so.

This did not mean that I was a Christian Scientist when I had arrived at this point,—far from it! I decided that since I had to deal with so large a mental question, which the medical profession either wholly or almost wholly ignored, I would study mental healing from every standpoint from which it had been presented, with the idea that I would find in all literature on the subject the presentation of the same principle, and so would have a broader view of the question than any single writer, and with this knowledge would be able to heal. Accordingly, I studied everything I could find, from mental therapeutics to Christian Science, and as I studied I saw that all were alike except one, and that one was Christian Science.

Christian Science the Remedy

lence, and as I studied I saw that all were alike except one, and that one was Christian Science.

Christian Science the Remedy Christian Science the Remedy Christian Science was the only one that had so large a grasp of the allness of God as to refuse to dishonor Him by admitting that anything that he had made was imperfect or could become imperfect; was sick when He created it, or had within it any God given quality that could allow it to become sick. It was the only one in which there was no compromise with matter, and which dared to deny the matter, and which dared to deny the matter and which dared to deny the matter and which dared to deny the could existence of anything unlike God, and therefore the only one that diared to deny the actual existence of anything unlike God, and therefore the coll one that offered assurance of healing after human hope and human will and human reason had failed.

Do you suppose that when I saw all this I accepted Christian Science? No! Instead, for two years I read everything I could find against it (and it was at a time when there was much it was at a time when there was much cirticism), in the hope of convincing the contract of the correct was a trained on the contract of the correct of the word believe in the sense of the word state of the word sta

# PLAN FOR CONSERVATION OF WHEAT

1. General Request to Householders
Not to Use Any Wheat
All householders who can do so are
asked not to use any wheat products
from this date until the new harvest
comes in in the Fall.
This request covers not only white
flour, but also graham flour, whole
wheat flour, wheat breakfast cereals,
macaroni, noodles, spaghetti, vermicelli, and all crackers, bread, cake,
doughnuts, pastry, etc., containing any
wheat flour.
Householders who have habitually
baked their own bread will not now
begin to buy of bakers, but are expected to use only those kinds of
bread, muffins, pan breads, spoon
breads, etc., which can be made without any wheat flour whateyer. Bakers' bread must be left for those who
are unable to bake at home.
Beginning April 14, bakers' bread
(Victory Bread) will contain 75 per
cent. of white flour and 25 per cent.
of substitutes.

2. Hules

If any white flour is bought by
those who cannot or will not comply
with the above request, the following
rules are rigidly established:

(a) Householders are urgently requested not to buy more than one-sixteenth of a barrel of flour at one time;
and are not reprirted to buy more

and are not permitted to buy more than one-eighth of a barrel at one

(b) White flour requires the chase of an equal weight of substitute cereals. Graham or whole wheat flour requires the purchase of six-tenths of a pound of substitutes for each pound

The only substitutes permited are as follows: Cornmeal, Corn flour, Corn grits, Edible cornstarch, Hom-iny, Rice, Rice flour, Oatmeal, Rolled ats, Oat flour, Steamed oats, Barley flour, Buckwheat flour, and flour. Substitutes must be bought and used strictly for human consump-

with the assistance of Miss Ekman, Mrs. Marshall, Miss Scudder and Miss West, for the benefit of the Free Wool Fund of West Newton, was held at the home of Mrs. T. A. Crimmins on Thursday morning, April 18. Miss Fyffe announced that the series had brought over \$300 clear, which had been turned over to Mrs. W. A. Young, chairman of the Knitting Committee. The recitals, which have proved to be quite out of the ordinary, have gained steadily in favon and have drawn large and enthusiastic audiences, who testified in unmistakable manner to their satisfaction in Miss Fyffe's announcement that another series would be given next season, for the benefit of war relief work of some sort.

### ANNUAL MEETING

### Middlesex County Endeavorers Hold Meeting in Newton

Media in Newton

The 29th annual convention of the Middlesex County Christian Endeavorers was held in Newton on Patriots' Day, last Friday, with over 1400 attending. The Endeavorers were the tate R.R. station and at Newton Corner by Boy Scouts, who directed them to the registration head quarters at the Immanuel Baptist Church. Woburn Endeavorers and those from Lowell decided not to come in the prosaic way, but hired trucks, and made an impressive sight as nine or more big trucks, decorated with C. E. banners and filled with enthusiastic young people, proceeded up Centre street.

A big sign, "Welcome to Newton," was strung along the side of the Convention Headquarters, at the Baptist Church. The rooms were decorated with C. E. fags and the national colors. Here each Endeavorer had to register and could check his lunchfor the supper was a basket lunch affair, Newton Endeavorers furnishing coffee and cocoa. Information tables were also stationed here with competent people to answer all questions concerning meetings, trains, etc.

In the ladies' parlor at the Eliot Church was the junior conference, led by the State Superintendent, Mrs. Chester L. Cotton, while the intermediates were in the auditorium of the Immanuel Church, led by their superintendent, Mr. Ronald Johnson of Worcester.

For supper, the Y.M.C.A. building, the hall in the Eliks building, and the Eliot, Channing, Methodist and Baptist churches were used to take care of the delegates from the nine unions. The intermediates are together at Immanuel church.

Union, because of illness, the vice-president, Mrs. W. J. Champion extended the welcome for the Union. As a special feature of the meetings, special music was introduced, the soloists being Miss Edith Bullard, sorprano, and George-R. Wheeler, baritone, and the organists were Miss Gertrude Ensign and Mr. Waldemar Morris. Those of Channing Church had an added treat, being favored afternoon and evening by selections by the trio. Albert Carling, violin, Edgar Doubleday, mandolin, and Harry Watson, cornet. They were accompanied by Miss Florence Walsh, plano.

The chairman of Finance, Mrs. F. E. Stanley, was not present, and her report was read by Miss Walker. Through the efforts of the Finance committee and friends, the sum of \$1.202.50 was raised, but (to quote Mrs. Stanley's report "the work of the Special Aid having grown to such proportions the matter of finance became such a proposition, we began to look about for different methods of raising the money to carry on our work. Our problem was happily solved through the generosity of a committee of men to finance the different war relief societies in our village, so that now the Special Aid has entered on a larger opportunity for service, without the problem of raising funds, for which we are truly thankful."

Mrs. Stanley, as city chairman of the Woman's Liberty Loan commit-tee, had a splendid report to give, which, for lack of space, cannot be re-

mrs. E. M. Moore, as chairman of the Work committee, gave a most exhaustive and interesting report of the year's work. She said, "our efforts both with knitting and sewing has been to find the shortest possible route between producer and consumer, and to be ready to fill every demand made upon us with the least possible delay." Mrs. Moore gave the total of knitted articles for the year as 3615, of which 3017 were wool and 598 cotton. In sewing, 726 hospital garments were made, and 2058 small supplies for hospitals. 601 supplies 598 cotton. In sewing, 726 hospital garments were made, and 2058 small supplies for hospitals. 601 supplies were made to go directly to the men in service, making the sum of the sewing 3385, and the total output 7000. The workroom sewing has been, Mrs. Moore stated, almost entirely hospital garments, one item being 289 sets of pajamas which have gone mostly to the American Fund for French Wounded. In closing, Mrs. Moore said, "for the navy and aviation corps, there is a steady demand for knitted articles. Please do not give any credence to the recent rumor that nothing was needed but socks. In the workrooms the amount we can accomplish is limited only by the number of workera for when it happens that there is no emergency demand every

ounce of our energy goes toward fur-thering the great and constant needs of the American Fund and the Red

of the American Fund and the Red Cross."

The report of the committee on Classes, of which Mrs. H. A. Nealley is chairman, was not read, but the following is an outline of the work: "Twelve classes were formed, two First Aid classes and two Home Nursing classes for the Red Cross before it had a branch here. Six economical Cookery classes were held in the Vocational High School at Newtonville and one at Mrs. Rich's on Sargent street, three canning lessons were given at the Vocational High. The total net gain from these classes was \$54.37."

Miss Lathe, chairman of the Social Service committee, read an interesting report, telling of the great success of the horms or the social service or the horms or the social service or the horms or the social service or the horms of the social service or the horms or the social service or the horms or the social service or the horms of the social service or the horms or the social service or the horms of the social service or the service or the social service or the so

Miss Lathe, chairman of the Social Service committee, read an interesting report, telling of the great success of the home gardens of last summer and many other activities along food conservation lines. Miss Lathe said, "The spring gardening has been just begun and the rush to the land is embarrassing since we cannot find enough to go around." She ended with a request that anyone having land which they were willing to lend for this purpose would kindly notify her.

Mrs. Frederick White, chairman of the Canteen committee, reported "our first call for service came in April. We were asked to cook and serve the supper at the Special Aid booth of the Traveler-Herald Food Fair being held in Horticultural Hall the first two weeks in April. April 11 was Newton Day, and we prepared, cooked and served a supper to 302 people between five and seven in the afternoon of this day. This was the largest number served on any one day of the fair, and with the splendid work and cooperation on the part of the Newton committee, Newton Day was a grand success."

ommittee, Mrs. Wm E. Jones, was absent, but Mrs. Bridges gave her report, and said that the day for entertaining our boys in the service had been chained from Wednesday to Sunday. The boys will come to us on the second and fourth Sundays of the month, and it would greatly aid the committee if those willing to show our boys this little kindness, would call up Mrs. Jones sometime during the first half of the week, and let her know.

call up Mrs. Jones sometime during the first half of the week, and let her know.

Mrs. Fawcett, of the Publicity committee, reported that the various notices pertaining to the society had been published in the local papers.

The chairman of Aviation, Mrs. H. E. Damon, after reading her own report, read extracts from a letter received by her from headquarters in Boston, giving some figures that were interesting. "From January 1 to April 15, we sent 925 complete outfits (seven articles in each outfit), or 6875 knitted articles, and in addition 674 sleeveless sweaters, 686 pairs of socks, 501 helmets and caps, 98 abdominal bands, 72 pairs of wristers and 36 mufflers." Mrs. Damon read this paragraph from a letter she had lately received from an aviator friend in France. "We have the men, endued with the proper spirit, we turn to the good old U.S.A. for the planes, munitions and equipment." The chairman of the Junior Special Ald, Miss Horsfall, was not present, and her report, which showed much good work done by these busy young folks, was read by Mrs. Owen.

Miss Emery, of the Surgical Dressings committee, stated that during the past year over 610,000 surgical dressings had been sent over-seas. The Surgical Dressings workrooms at 439 Centre street are open daily from 9 to 12.30, and Tuesday and Thursday afternoons from 2 to 4.30.

Mrs. Louis Gibbs, of the Nominating committee, read the list of names submitted for election of officers for the coming year, and the following officers, were unanimously elected; Chairman, Mrs. H. H. Powers; vice-chairmen, Mrs. Franklin E. Smith, Mrs. Sterling Elliott; treasurer, Miss Georgia Emery; committees—Membership, Mrs. A. W. Fuller; finance, Mrs. Frederick White; food conservation, Mrs. Harry E. Damon; publicity, Mrs. Frederick White; food conservation, Mrs. Frederick White; food conservation, Mrs. Elizazbeth Horsfall.
